RE: *T.W. Frierson 50th Anniversary Party*

Dawn,

On behalf of everyone at T.W. Frierson Contractor, I want to thank you so much for your work planning and delivering our absolutely fantastic 50th Anniversary party on October 24th. Since the event, a workday has not passed – including this afternoon - without someone stopping me and commenting on how wonderful our party was.

The details and coordination you and your unbelievable staff delivered from the initial proposal to the very end of the party exceed our expectations. Your attention to detail and listening to us when we asked you to keep our choices during planning to a minimum should not go unrecognized.

Please promise me that you will to pass this sincere thank you to JoAnn and every single person we had the fortune of working with on the event from flowers and cake to music and lighting to valet and seating and anything and everything in between. A special thanks to the Musician's Hall of Fame. Their venue was tremendous for us and all of our guests.

Do not hesitate to have a potential client contact me if they are interesting in learning how you delivered a magnificent event for a simple General Contractor truly turning our 50 year celebration "into memorable reality".

Sincerely,
T. W. FRIERSON CONTRACTOR, INC.

Del Hickman
